### GOVERNOR'S DECREE

NOMOR : 187/PM.05.02.01/PEREK

### ABOUT

### PROHIBITION OF COCONUT PLANTING IN THE PROVINCE OF WEST JAVA

In order to maintain the sustainability of the environment, the sustainability of natural resources, and to support sustainable development that is in accordance with the characteristics of the West Java Province, it is necessary to control the development of coconut commodities that are not supported by agroecological conditions and the characteristics of the West Java Province.

In connection with the above, the following is conveyed:

1. Prohibiting the planting of new coconut in the entire West Java Province, both on land owned by the community, business entities, or other parties.
2. Regarding the area that has been planted with coconut, to carry out replacement (change of commodity) in a step-by-step manner with other commodities:
  - Being a commodity of West Java Province and/or commodity of the local area;
  - In accordance with agroecological conditions, environmental support, and local characteristics;
  - Supporting the ecological function, land conservation, and water, as well as reducing the risk of environmental damage.
3. The Regency/City Government to carry out:
  - Inventory and mapping of coconut areas that exist in each region;
  - Guidance and assistance to farmers and business actors in the process of changing commodities;
  - Synchronization of policies into the regional development planning and the sectoral coconut program.
